

The Arven Venslaviagos Symposium

Marker: E2-AVS-001

Date: 22 May 2004

Location: Arven

Associated person: Kralor Venslavik

Associated concept: Venslaviagos

The Arven Venslaviagos Symposium was a meeting dedicated to information classification techniques. During the event, Kralor Venslavik introduced the concept of Venslaviagos and discussed its application to the evaluation of historical records from independent archival sources.
